

## Academic support to Anganwadi Centers (AWCs)

DIET Lakhimpur is playing a crucial role in the field of school education, and its field interactions are significantly contributing to the improvement and acceleration of the quality of education in schools. In line with the National Curriculum Framework (NCF) for the Foundational Stage, DIET is also taking on a new and vital role in the field of Early Childhood Care and Education (ECCE). As part of this initiative, DIET Lakhimpur is providing academic support to Anganwadi Centers (AWCs), which will add significant value to the DIET's activities and further strengthen its role in the school education sector.

This program aims to support Anganwadi Workers (AWWs) in delivering quality early childhood education, which is crucial for the holistic development of young children. The training and support provided by DIET will help AWWs in enhancing their skills and knowledge, ultimately contributing to a better learning environment for early learners.

### Programme Details:

- **Starting Date:** 23rd August 2023
- **Duration:** One day per month
- **Target Group:** AWWs from Azad Circle (1st Phase) & Nakari Circle (2nd Phase)
